Trainers will be committing for a number of stalls and may alternate horses using same. Trainers may ship in and barn will be set up with cross ties, pitch fork, and wheel barrel. It is the trainer's responsibility to muck the stall when leaving. Salt will be applied to the track on a limited basis, thus we expect a good service. After a snow storm the parking lot is first priority, but we expect the track to be ready for jogging by mid-morning.

Any complaints should be directed to HHANE Directors and not track management. Any conduct detrimental to our sport will result in immediate expulsion. Stalls granted for winter training do not carry over for the 2010 meet and a separate stall application will be needed for that purpose. If these conditions are acceptable, please sign and indicate the number of the stalls to be reserved for winter training at Plainridge Race Course.
